WORK EXPERIENCE

Frontend developer

Feb 2022 - Present
Zaporozhye, Ukraine

GroupBWT

- Responsible for creating effective design and development of user interaction screens using Vue.js and React.js for US and European projects.
- **Led** front-end projects in two directions: e-commerce and charity. Led the integration of Shopify to deliver a headless eCommerce customer experience that resulted in a 15% increase in leads for the Dutch company.
- Translated user requirements into scalable code, developed prototypes, conducted wireframing activities, and ensured alignment with client business specifications.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- **Analyzed** user feedback, and coordinate with cross-functional teams to identify opportunities to enhance web page responsiveness.
- Performed bug fixes and code reviews across multiple projects.
- Assessed UX and UI designs for technical feasibility.

Frontend developer

Jan 2020 – Dec 2021
Bishkek

Askartec (Fintech)

- Designed user interfaces and web apps for the biggest investment bank in Central Asia delivering web development services for client accounts.
- **Improved** website optimization (first screen rendering) on browsers and mobile devices to avoid re-rendering. **Achieved** a reduction in web app launch timeout from 5 minutes to 10 seconds.
- **Mentored** interns (3+ mentees successfully completed internships as a result the company I worked for hired those developers).
- Collaborated with product team members to develop new features - direct negotiations with customer persons
- Wrote 8+ automated tests for every new feature to identify and rectify bugs.
- Enhanced group projects using *SCRUM* methodology.

PROJECTS

KICB

Developed [Internet Bank](#) using Vue.js 2, Quasar framework, and gRPC. Developed both the client application (gRPC), and the admin panel (REST API - Axios). Implemented and integrated with configurations of automated banking systems, banking automation. Developed systems both for servicing retail Internet clients and systems for the corporate sector.
